Work History

SunTec Business Solutions Pvt. Ltd., Trivandrum, Kerala

Jul'16 – Dec'20

Software Developer (Java)

Project - Xelerate

Xelerate is an innovative and award-winning product suit of SunTec which has helped clients to achieve customer-centric pricing. Xelerate acts as an enterprise digital layer between the core back-office banking systems, the customer touch-points and the external partner ecosystem of an organization. SunTec provides enhanced customer experience, operational efficiency and revenue.

Worked in different modules of Xelerate such as:

Customer Care: Customer Care module of Xelerate efficiently manages the customer base of financial institutions, handling all activities involved in customer and account management.

Pricing: Xelerate's Pricing components include customer relationship profiles, risk rating, pricing calculations etc.

Customer account pricelist: Module in Xelerate which enables personalization of rates.

Offer management: Offer management in Xelerate refers to the management of promotional offers associated with financial institutions.

Education

B.Tech. in Electronics and Communication Engineering from Mahatma Gandhi University in 2016 with 7.84 CGPA.

Pursuing **Advanced Diploma in Software Engineering Technology** at **Centennial College**, Canada.
